<i>Model</i>	Aring 500	Aring 320	Aring 125
<i>Engine</i>	Volvo 16 L 705 bhp prime	Volvo 12 L 461 bhp prime	Volvo 7 L 187 bhp prime
<i>Generator</i>	Marathon Magna Max	Marathon Magna Max	Marathon Lima Mac
<i>Prime Power / Continuous Load Rating, kW electrical</i>	500 kW 480V 3 ph. / 60hz	320 kW 480V 3 ph. / 60hz	125 kW 480V 3 ph. / 60hz
<i>Main Breaker</i>	800 amps	500 amps	225 amps

Description:

- Volvo Diesel Engines
- Marathon Generators
- Main breakers installed
- Control panel and instruments for engine and generator
- Efficient two-stage air cleaners
- Muffler mounted on the assembly
- Heavy duty skid frame assembly
- Battery box, batteries, and cut-off switch

Control panel and gauges for both the generator and the engine. The main breakers are installed in the generator with easy access for connections.

Two stage Donaldson air cleaner for dusty environments with heavy particle exhaust ejector. Muffler assembly is mounted on the skid frame for easy assembly into a trailer

Battery box and batteries are mounted inside the main frame rails with the cutoff switch mounted on the pedestal and below the control panel.

Heavy main frame.

OPTIONAL: Van Trailer Package

Description:

- Used van trailer with ventilation and access doors (length varies based on availability)
- Fuel tank (size and shape, rectangular or round, varies based on availability)
- Fuel lines to the generator skid
- Final exhaust components
